

<b>Institution Name:</b>	<b>Maynei Hayeshua Medical Center and Rambam Medical Center</b>
<i>Address:</i>	17 Povarski St. Bnei Brak 51544, Tel Aviv, Israel
<i>Telephone:</i>	+972-3-577-0535, +972-52-3430545
<i>E-mail:</i>	<a href="mailto:2gillevy@gmail.com">2gillevy@gmail.com</a>
<i>Program Director:</i>	Gil Levy MD, FACOG and Lior Lowenstein MD
<i>Program Faculty:</i>	Collaboration with gastroenterology, proctology, geriatrics, general surgery and urology
<i>Trainees Per Year:</i>	1
<i>Program Length:</i>	3 months
<i>Specialty Certification:</i>	N/A
<i>Special Interest Areas:</i>	Apart from the large volume of clinical activities, clinical research in the field of pelvic organ prolapse, quality of life, sexual function and urinary incontinence is supported.
<i>Program Description:</i>	In order to increase the exposure for international Fellows we have constructed a program that includes rotations in two Urogynecology units in Israel. Each division provides unique areas of expertise. The fellowship is flexible in length between 6-12 months. The program offers a comprehensive approach to clinical evaluation and management of women with disorders of the pelvic floor including urinary and fecal incontinence, pelvic organ prolapse, defecatory dysfunction and voiding dysfunction. Surgical management emphasizes vaginal and laparoscopic minimally invasive approaches - including robotic-assisted surgery. Both units are fully computerized and the database provides many unique research opportunities.
