Program Description: Emory's Female Pelvic Medicine and Reconstructive Surgery (FPMRS) Fellowship is a multidisciplinary, ACGME accredited program for qualified candidates who have completed a US ACGME accredited residency in either urology or obstetrics and gynecology. We provide diverse clinical, research, and teaching opportunities in female urology, urogynecology, colorectal surgery, and minimally invasive surgery. Specifically, we offer a large surgical volume inclusive of vaginal, abdominal, robotic, and laparoscopic approaches to pelvic reconstructive surgery.

Requirements of Applicants: Applicants must have completed an ACGME accredited residency program in the United States.
