ADVANCES IN UROGYNECOLOGY 2019
NEW HORIZONS, OLD MYTHS!

15, 16 & 17 November 2019
KIMS HOSPITAL
Auditorium, 15th Floor, Secunderabad.

Dear colleagues,

Here we are again, exploring new horizons and breaking old myths with world-renowned experts in the field of Urogynaecology. Our last conference in 2017 was well appreciated and the interest shown by the delegates, was very rewarding. The latest storm over slings has brought us closer to native tissue repair in Stress Urinary Incontinence. While laparoscopic sacrocolpopexy remains an effective surgery for prolapse, it’s not the gold standard anymore. It has become more important to master vaginal repairs with native tissue such as SSLF and HUSL. The live telecast will include these procedures in addition to many other interesting surgeries.

In our didactic sessions, we endeavor to cover the spectrum of Urogynaecology including controversies in Cosmetic Gynecological surgeries and Enhanced Recovery After Surgery (ERAS) which is essential to optimize post op results.

The ‘icing on the cake’, - we have meticulously designed realistic simulators for preconference hands-on workshops, wherein you get to interact with the faculty one-on-one.

ICS Urodynamics course is one of the highlights you simply can’t miss! Here we have the tutors from the American & European Associations of Urology to clear your dilemmas.

We are pleased to present this unique opportunity to hear and learn from ‘The Best’. So, let us meet, interact and share knowledge. This inspirational and energizing meeting will undoubtedly leave you recharged for better patient care – our ultimate motive!

“The capacity to learn is a gift/ The ability to learn is a skill/ The willingness to learn is a Choice”

**PROGRAM SCHEDULE**

**DAY 4 - 17 November 2019**  **8:00am - 5:00pm - Auditorium**
Hyderabad is the capital of southern India's Telangana state. A major center for the technology industry, it’s home to many upscale restaurants and shops. Its historic sites include Golconda Fort, a former diamond-trading center that was once the Qutb Shahi dynastic capital. The Charminar, a 16th-century mosque whose 4 arches support towering minarets, is an old city landmark near the long-standing Laad Bazaar. Feel free to explore Hyderabad.
