

## **VIII International Urogynecology Congress of FMUSP**

### **Friday - April 19<sup>th</sup>, 2019**

**07:30 - 08:00 - Opening Session – Jorge M. Haddad, Edmund Chada Baracat, Homero Guidi, Manoel Girão**

**08:00 - 09:10 - 1- Treatment of Lower Urinary Tract Disorders**

**Coordinators: Edmund C. Baracat - Homero Guidi - Manoel Girão**

**08:00- 08:10 – Urethral diverticulum- Surgical technique and results - **Cassio Ricetto****

**08:10 - 08:20 – Injectables for urethra are taking on an important role in the world? Technique , results and complications . **Cristiano Mendes Gomes****

**08:20 - 08:30 - Uretrolise - Indication, surgical technique, results and complications - **Maria Augusta Bortolini****

**08:30 -08:40 – Physiotherapy may help us in more complex cases such as fixed urethra and intrinsic urethral sphincter deficiency - **Elizabeth Ferreira****

**08:40 - 09:00 - Discussion – Different regions of Brazil – what they do different?**

**Julio Resplande (Goiania)  
Monica Diniz ( Recife)**

**09:00 - 09:50 -Point and Counterpoint: Results of long follow up of laparoscopic surgeries in the treatment of apical prolapse regarding efficacy and complications.**

**Sacrohysteropexia x High McCall for patients with uterine prolapse and with desire to preserve the uterus. Which one is the best?**

**Coordinators: Carlos Del Roy - Antonio Pedro Auge**

**09:10- 09:15 – Sacrohysteropexy (laparoscopic) - **Paulo Margarido****

**09:15- 09:30 – High McCall Laparoscopic- **Tatiana Pfiffer****

**09:30- 09:50 Discussion - different regions of Brazil – what they do different?**

**Leonardo Bezerra (Fortaleza)  
Daniela Siqueira Prado (SE)**

**09:50 -10:10 – coffee break**

**10:10 - 10:40 - Conference : How to improve the sexuality in sexual complications after Urogynecological surgeries**

**Conferencist- Bary Berghmans (Holanda)-  
Coordinators: Maura Seleme – Aparecida Maria Pacetta**

**10:40- 10:50 – Discussion**

## **10:50-12:00 - 2 – Chronic Pelvic Pain - Urogynecological Aspects**

**Coordinators: Flavio Trigo Rocha – Cassia Juliato**

10:50- 11:00 - Mind and body improving Chronic Pelvic Pain - there is an evidence -  
**Aparecida Maria Pacetta**

11:00- 11:10 – Physiotherapy resources in the treatment of Chronic Pelvic Pain -  
**Christine Ploger Schor**

11:10- 11:20 – Pelvic pain after mesh or sling. What to do  
**Paulo Feldner**

11:20- 11:30 - Neuromodulation for Chronic Pelvic Pain ? Are results sufficient for the indication? **Carlos Sacomani**

11:30- 11:40 – Dyspareunia post urogynecological surgery, what should we do and how?  
**Luciana Pistelli**

### **11:40- 12:00- Discussion . Different regions of Brazil – what they do different?**

**Thais G. Santos ( Porto Alegre)**  
**Valéria Pontes ( Belém)**

**12:00-13:00 - Lunch Meeting**  
**Conferência: Astellas**  
**Conferencista: Willy Davila (USA)**  
**Coordenadores: Jorge M. Haddad – Silvia Coletti**

## **13: 00-14:10 - 3 - What's new in Urogynecology**

**Coordinators: Marair Sartori – Jose Alaor Figueiredo**

13:00 - 13:10 – Laser in the treatment of Menopause Genitourinary Syndrome (MGS) and stress urinary incontinence - Results and complications in the medium / long term.  
**Simone Brandão**

13:10- 13:20 – Radio frequency in the treatment of of Menopause Genitourinary Syndrome (MGS) and stress Urinary incontinence - Results and complications in medium / long term - what are the evidences?  
**Celso Borrelli**

13:20- 13:30 – FDA warning about these techniques- what does it mean?  
**Zsuzanna Di Bella**

13:30 - 13:40 - Trunk cells in pelvic floor dysfunction: what's new  
**Lilian Fiorelli**

### **13:40 - 14:10: Discussion – Different regions of Brazil – what they do different?**

**Samantha Condé ( RJ)**  
**Aljerry Rego ( Macapá)**

**14:10 -14:40- Conference : “Posterior compartment defects and obstructive defecation: new diagnostic methods, improved surgical approach”**

**Conferencist - Roger Goldberg (USA)**

**Coordinators - Mara Salum – Jorge M. Haddad**

14:40- 15:10- Discussion

**15:10-17:30 - Cirurgias ao vivo – Cirurgia 1: Intra Bladder Injection of Botox for Refractory Hyperactive Bladder**

Cirurgia 2: Botox for pelvic pain

**Coordenators: Fernando Almeida – Jorge M. Haddad**

**Saturday April 201th . 2019**

**08:00 - 09:10 - 4 : Pelvic Floor Disorders**

**Coordenators: Carlos Sobrado - Thais Peterson**

08:00-08:10 – OASIS - how to identify, treat and monitor?

**Luiz Gustavo Brito**

08:10- 08:20 - Impact of Childbirth on the Pelvic Floor - How to Minimize?

**Virginia Roncatti**

08:20-08:30 – Incontinence of flatus and postpartum feces - diagnosis and treatment

**Rodrigo Ambar**

08:30-08:40 - Indications and best physiotherapeutic techniques in pre and postpartum

**Fatima Fani Fitz**

08:40-08:50 – Long-term outcome of vaginal and abdominal surgeries in the treatment of complete genital prolapse: regarding efficacy and complications.

**Silvia Carramao**

**08:50-09:10: Discussion - Different regions of Brazil – what they do different?**

**Artur Rangel ( Recife)**

**Claudia Laranjeiras (BH)**

**Jorjan Cruz – (SC)**

**09:10 - 09:40 - Conference 1-: Treatment of STRESS URINARY INCONTINENCE with an average urethral sling - Should we continue to do so? Situation in the world today**

**Conferencist : Willy Davila**

**Coordinators: Jorge M. Haddad – Rodrigo Castro**

**09:40-09:55 – Conference 2-: Mini slings- multicenter trial . Can engineering explain its application?**

**Conferencist: Charlie Khamis**

**Coordinators: Jorge M. Haddad – Rodrigo Castro**

09:55- 10:10- Discussion

**10:10– 10:40 – Coffee break**

**10:40-12:00 – LIVE SURGERIES**

**“Surgical treatment of anterior and vaginal vault prolapse using just capio”**

**Roger Goldberg (University of Illinois – USA)**

**12:00-13:00 - Lunch Meeting – Uroginap - IUGA – Taken and future Actions**

**13:00 -14:10 - 5 : Miccional Dysfunctions**

**Coordinators: Rogério Simonetti – Aparecida Maria Pacetta**

13:00 - 13:10.- Urinary retention after stress urinary incontinence / Genital prolapse : what to do?

**Edilson Castro**

13:10- 13:20 – Prophylaxis in recurrent Urinary Tract Infection- Non-antibiotic and antibiotic- which evidence and which indicate?

**Priscila Matsuoka**

13:20 - 13:30 — Physiotherapeutic treatment of the overactive bladder: which is the best? Endovaginal, tibial? How often? Long-term results

**Fernanda Giarretta**

13:30–13:40 - Efficacy of the treatment with new drugs (selective M3 and B3 agonists) - improved efficacy and adherence?

**Emerson de Oliveira**

13:40- 13:50 - Hyperactive bladder - when we consider it refractory and what to do? What is the best treatment?

**José Carlos Truzzi**

**13:50-14:20 – Discussion : Different regions of Brazil – what they do different?**

**Jose Carlos Conceição ( RJ)**

**João Luiz Amaro ( Botucatu)**

**14:20 -14:50 - coffee break**

**14:50 -15:20- Conference – ANATOMY - What the Pelvic Surgeon Needs to Know about Laparoscopic Pelvic Anatomy**

**Conferencist: Rosanne Kho**

**Coordinators: Jorge M. Haddad**

**15:20 – 16:30 - Interactive Videos 2-**

**Coordenators: Luis Seabra Rios – Jorge M. Haddad**

15:20- 15:30 - Neovagina with Tilapia skin: how to prepare, surgical technique how it is after 1 year

15:30- 15:40 - Video session

15:40 - 15:50 -Vaginal vesicle fistula - after 3 years - how was the vagina?

15:50- 16:00- Splentis in anterior and apical prolapse - 3 years later- Extrusion? Recurrence? -  
**Thais Regina Lourenço**

**16:00-16:30- Discussion . Different regions of Brazil – what they do different?**

**Marilene Monteiro – (BH)**

**Alexandre Fornari – ( Porto Alegre)**

**Jussara Valentim - ( Teresina)**

**16:30 – 16:45–Closing session**
